

147 Public Records Policy

The School will utilize the following procedures regarding the availability of public records. Any person may inspect or obtain a copy of the public records of the School during the regular business hours of the office in which such records are maintained. An Employee or representative will be present during inspection of the records. Except as required or authorized by state or federal law, the Board shall not limit or condition the availability of public records by requiring disclosure of the requestor's identity or proposed use of the records, or by asking the request to be put in writing, unless it first discloses to the requester that a) none of that information is mandatory and b) whether disclosure of that information or making the request in writing would enhance the ability to identify, locate or deliver the records sought by the requestor. The School may require disclosure of the requester's identity or the intended use of student directory information in order to ascertain whether the directory information is for use in a profit-making plan or activity, and no student directory information, if any has been designated, shall be released to or accessed by any person or group for use in a profit-making plan or activity.

The School maintains a database or list that includes the name and birthdates of all Board Members and employees employed by the School. The database or list shall be made available upon a public records request.

A viewer, or a requester of copies of public records, may purchase copies of the School's public records upon payment of a fee not to exceed the cost for reproduction, supplies, mailing, delivery, transmission and/or handling. When making copies or records available, the preparer shall notify the requester of redactions or make redactions plainly visible to the requester. The current fee for copies shall be set by Board resolution.

If a request for public records is ambiguous, or overbroad, or does not reasonably identify what public records are being requested, the request may be denied so long as the requester is informed of the manner in which records are maintained and accessed by the School. Each ultimate denial, in whole or in part, shall provide the requester with an explanation, including the legal authority, as to why the request was denied, and such reasons shall be put in writing if the initial request was put in writing. The Board does not waive its rights to additional legal authority of reasons for denial by way of its written explanation to a requester.

No public record may be removed from the office in which it is maintained except by a Board officer or employee in the course of the performance of his/her duties.

The Board as well as its designee in charge of public records shall 1) participate in training concerning public records which is required by the Ohio Attorney General and which is free of charge under section 109.43 of the Ohio Revised Code, 2) erect a poster about its public records policy in a conspicuous place in all locations or branches of operations (See **Appendix 147-A**), 3) require its employee or designee in charge of public records to sign an acknowledgement of receipt of its public records policies, and 4) include its public records policy in its manuals or handbooks of general policies and procedures for all employees. In addition, as of February 1, 2016, all Board members and all administrators must attend public records training annually

The Board authorizes the Superintendent or his/her designee to dispose of, on a daily basis, routine messages transmitted by means of voicemail or email, provided the messages do not alter existing School records.

Redacting, Encrypting, or Truncating Personal Information

An individual may request that his/her personal information, (social security number, federal tax identification number, driver's license or state identification number, individual checking account, saving account, or credit card number) which is made available to the general public on the internet, be redacted. The request must be made in writing on the form contained in **Appendix 147-B**. Within five business days of receiving the request, the School shall redact the personal information requested to be redacted, if practicable. If impracticable, then the School shall the individual with a verbal or written explanation of why the redaction is impracticable.

The School shall redact, encrypt or truncate the social security number of any individual whose social security number is contained in a document which is available to the general public on the internet. If the School becomes aware that an individual's social security number was mistakenly not redacted, encrypted or truncated, the School shall do so within a reasonable period of time. This requirement does not apply to documents that are only accessible through the internet with a password.
